

AWARD

Alternative Water Resources and
Deliberation processes to renew
water supply strategic planning

Pillars

ASSESSMENT FRAMEWORK

Improved Alternatives
Water Results &
conventional water
assessment framework
for water supply
strategic planning

SOCIO-POLITICAL ENGAGEMENT

Development of social
awareness
Policy framework
analysis & support for
planning

EVIDENCE BASED KNOWLEDGE

Integrated approach
combining evidence
based new knowledge
from the Demo cases and
deliberation support tool
for territorial sustainable
development

SOCIAL INNOVATION

To consider the technological, capacity development,
governance and business dimensions of AWARD solutions and
assess their potential market potential

Demo cases

		Alternative Water Resources			
Areas	Purpose	Aquifer recharge	Storm water	Rainwater harvesting	Water reuse
1 Urban	<ul style="list-style-type: none"> Aquifer recharge to maintain the level of the lake Removal of storm water from sewer network Drinking water 	✓	✓	✓	
2 Urban Metropolitan	<ul style="list-style-type: none"> Relieve the sewer network Ensuring the correct drainage of rainwater 			✓	
3 Urban Rural	<ul style="list-style-type: none"> Irrigation: farming, gardens' hotel, public green spaces, football pitches 				✓
4 Industrial	<ul style="list-style-type: none"> Irrigation Private uses at the industrial park scale 		✓	✓	

1 Circus Lake Bucharest Romania

Expected results

*AWR: Alternative Water Resources
**DST-TSD: Deliberation Support
tool for Territorial Sustainable
Development

Raising
awareness
on AWR*
context,
issues &
solutions

Socio-political
engagement
based on
Local Water
Forum and
networking

Test and
monitor
AWR*
in 4 demo
cases

Down scaling
strategic plan
measures into
water users
every day
actions

Catalogue of
AWR*
solutions

AWARD DST-
TSD**
platform to
support
decision on
AWR
solutions

Social
Innovation to
reconcile
technological
and non-
technological
dimensions

Training to
assist
AWARD's
target
audiences in
changing
practices

Exploitation
roadmap for
AWARD
market
potential,
social impact
& policy goals

Multi-scale
tailored
policy
recommendations

Handbook for
integrating
AWR* into
water supply
strategic plan
from the 4 DC
